Diane,

Attached are redacted sign in sheets for the April 15, 2014 and Dec. 11, 2014 Columbia Falls public meetings. Our regional counsel advised that attendees who signed in as individuals had an expectation of privacy, and thus we could not release any information about them. However, attendees who signed in as representing an organization would have no such expectation, and we can provide that information to you.

Best regards,
Cynthia

Hello, Diane.

In response to our phone conversation yesterday, please find attached two letters from community groups that have expressed an interest in the Columbia Falls Aluminum Co. Plant. We are still exploring whether we can release contact lists related to the site or not. I will get back in touch with you as soon as I have an answer to that question.

Best regards,
Cynthia
